

# WHAT RESULTS SHOULD I EXPECT?

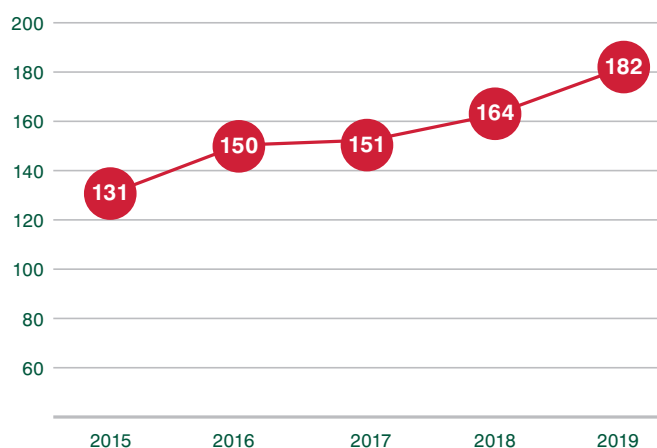

We are very proud of the examination results all our students achieve. If you work hard, become good at managing your own efforts, and take responsibility for your learning, you will be very successful here.

In 2019, our students once again achieved results that were among the very best in New Zealand. Whatever pathway you choose, you can expect your results to be exceptional.

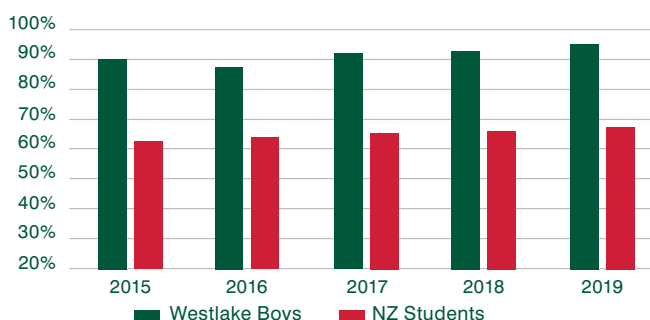

Our scholarship results are consistently within the top four schools in the country. Last year, our scholarship results were within the top two in New Zealand. When considering our roll, we have the highest Scholarships per capita by quite some margin.

We are thus maintaining our position as one of the top schools in New Zealand for Scholarships.
